

Error on Inset Map 12 Chigwell Row

The Cheshire Homes building, on School Lane, off Lambourne Road, should be in the **blue ringed** field below, but appears in the **red ringed** field.

This error was on the original base map (which the Council purchases from Ordnance Survey).

The Council is currently working on new, updated maps for the District; these use a newer Ordnance Survey base map, which shows the correct location of the building.

We apologise for any inconvenience.

**Incorrect
location**
