B1.6  Stages 4 and 6.4 Assessment

A land promoter/developer survey was issued to inform the site selection process for Tranche 1 residential sites. The same survey was re-issued for the Tranche 2 residential sites, with an amended introductory section and a minor change to one question (see question 3o. below).

The issued survey is included below, including both versions of the introductory section and question 3o.

B1.6.1  Land Promoter/Developer Survey

Tranche 1 Sites Introductory Text

This survey is being undertaken on behalf of Epping Forest District Council, and seeks to update and supplement existing information held on potential development sites across Epping Forest District.

Epping Forest District Council is preparing a new Local Plan, which will set out the policies that will guide development in the District up to 2033. A key part of the plan is the identification of a portfolio of sites and/or broad locations, which are most appropriate for development.

To identify sites which may be potentially suitable to accommodate housing and employment, the Council opened a public ‘Call for Sites’ between 2008 and 2016. Sites have also been identified through a range of other technical studies, withdrawn or refused planning applications and schemes at the pre-application stage.

The Council is now undertaking more detailed assessment of the potentially suitable sites to identify the most appropriate sites within the District. As part of this assessment, the Council wishes to better understand promoter intentions for their sites and any constraints which may exist to delivery of these sites. Please note that if you have promoted more than one site through the Local Plan process you will receive a survey for each site. We would appreciate a response to each survey.

Any data provided in response to this survey will be used to inform the development of the forthcoming local plan. Subject to the provisions made under the Freedom of Information Act 2000 and the Data Protection Act 1998, the Council will be entitled to publish and/or release the contents of any documents and/or information submitted as it sees fit.

Please answer accurately, to the best of your knowledge and in as much detail as possible. To assist in completing the survey you may wish to seek independent professional planning advice.

You may wish to provide additional documents to support your response. There is an option to upload documents at the end of the survey. Alternatively, supporting documents can be emailed to epping.forest.sites@arup.com, quoting the site
reference number in the email subject. Supporting documents should include the Site Reference Number in the filename.

**Please complete the survey and provide any accompanying information as soon as possible, and ideally before Thursday 30 June 2016.**

For any technical queries regarding this survey or if you think this survey has been sent to you in error, please contact **Arup** who are undertaking the survey on behalf of Epping Forest District Council.

5e. The proposed changes to the National Planning Policy Framework published in December 2015 offer support for higher density residential developments at transport and commuter hubs. Additionally, as part of the development of its Local Plan, Epping Forest District Council is considering revisions to its parking standards for residential development, which may
reduce the level of car parking provision in more accessible locations in the District. If relevant, would this change affect your responses to questions 6b-6d?

[Choose one of the following answers]  
YES / NO

[If NO, survey skips to question 5g]

5f. Please provide further details.
[Free entry]

5g. If the proposed development schedule includes commercial and/or industrial uses, has provision been made for units for SMEs?

[Choose one of the following answers]  
YES / NO

[If YES, survey skips to question 5i]

5h. Is this something you would be willing to consider?
[Free entry]

5i. If the proposed development schedule includes residential uses, has work been undertaken on the proposed mixture of dwelling by size and/or tenure?

[Choose one of the following answers]  
YES / NO

[If NO, survey skips to question 5k]

5j. Please provide further detail.
[Free entry]

5k. Has work been undertaken to date on on-site and off-site infrastructure provision?

[Choose one of the following answers]  
YES / NO

[If NO, survey skips to question 6a]

5l. Please provide further detail, including itemised on-site infrastructure costs (where known). Submissions should note how proposed provision responds to particular identified issues around population changes, child yields and on-site utilities constraints. Key infrastructure might include:
- Physical (Utilities and transport)
- Social (Education, health, community)
- Green (communal open space, publicly accessible open space, play space and SUDS)

[Free entry]

6: Site Management

6a. Please provide details of any proposed long-term management and/or maintenance arrangements for the site.
