Part 2

Question 1

Why do you consider that the draft Chigwell Neighbourhood Plan and/ or supporting documents do/ do not meet the specified “basic condition”? Please provide a brief summary of your comments.

Paragraph 5.8 (and para. 5.9) - Infrastructure Projects

ECC notes that comments ECC provided in 2017 on this matter have not been taken on board and reflected in the NP. These point out a number of shortcomings on infrastructure planning / provision issues

Detailed explanation and proposed modifications. Please give further details of your opinion and the reasons for it, as well as any proposed improvements or modifications to the Plan (continue on a separate sheet as necessary).

- The NP will need to consider and address the importance of safe, direct walking and cycling routes to schools. Support for such projects should accordingly be added in this section. This would serve to reinforce those elements of the NP dealing with sustainable transport and reducing the impacts of local road transport
- ECC also maintains (as advised previously) that it is recommended that the ‘Infrastructure Projects’ section highlights the importance of a proportion of developer contributions (for development impacts mitigation) being used, where necessary, to address (surface water) related flood issues within the area
- Early Years and Childcare (EYCC) provision will need to be addressed and included (ECC can provide advice in this area). The draft Infrastructure Delivery Plan for Epping Forest District also provides detailed information in this area (including current provision and future needs) where comments were provided by ECC. For example, an interactive map outlining childcare sufficiency across the county area is available via the web pages for the Early Years and Childcare provider web page:
<http://www.essex.gov.uk/Education-Schools/Early-Years-Childcare/Choosing%20the%20right%20childcare/Pages/Default.aspx>

Refer to advice on safe, direct walking and cycling routes to schools – see Essex County Council Developer’s Guide to Infrastructure Contribution (2016 edition) – section 5.3.2 and add / amend accordingly

Add a reference to flood mitigation projects (and need for developer contributions accordingly)

See above source for information on EYCC considerations and provision (section 5.1), plus EFDC IDP and add / amend accordingly

Question 2

The appointed examiner will consider all representations received by the deadline (**4pm, Tuesday 26 June 2018**). Normally, the examiner will seek to consider all responses through written representations. However, occasionally an examiner may consider it necessary to hold hearing sessions to discuss particular issues.

Please indicate whether you would like to request to be heard before the examiner at the Neighbourhood Plan Examination Hearing: Yes / No

If you have indicated that you wish to attend the Examination, please explain why you consider this to be necessary. Please note that this is entirely at the discretion of the examiner:

In order to ensure that ECC is able to explain and clarify any changes sought (if necessary) and to help agree an appropriate form of changes, where necessary, through this discursive process

Question 3

Please indicate whether you wish to be notified of either or both of the following:

The publication of the recommendations of the Neighbourhood Plan Examiner

YES / NO

Final “making” (adoption) of the Neighbourhood Plan by Epping Forest District Council

YES / NO
