

PROGRESS WITH MAIN MODIFICATIONS: NOTE FROM THE INSPECTOR

Since I issued my post-hearing advice in August 2019 (ED98) the Council has been working on a schedule of Main Modifications (MMs) to address the points I raised. This will be subject to consultation in due course.

So far the council has provided me with three 'Tranches' of MM's and I have given feedback as necessary. In April 2020 (see ED24 and ED25), in light of the impact of COVID-19, I agreed to receive a fourth and final Tranche in early September. The majority of the outstanding material has now been submitted, and I will endeavour to provide the feedback needed to finalise the Schedule as soon as possible.

However, my other work commitments during October and November (which have also been affected by the epidemic) are likely to mean that I cannot provide a full response immediately. A clearer indication of the likely timeframe for consultation will be posted here once known.
