

An error was noticed on the last submission I rushed to e-mail on 18 November 2020. Three numbers in line five should read: ...217 + 111 = 328 homes...

The complete sentence should read: My plea to the Inspector, on behalf of those Reg 18 respondees, is to ask EFDC not to exceed the 217 + 111 = 328 homes prescribed in EFDC's Local Plan.

The wrong numbers were copied in error and I apologise for the mistake which the Inspector may have noticed.
